VOLUME XIV. MILWAUKEE DAILY SENTINEL, TUESDAY MORNING, JULY 7, 1857. NEW SERIES.

THE DAILY SENTINEL.

RUFUS KING & WM. H. WATSON, PROPRIETORS,
Under the Name and Firm of Rufus King & Co.

MILWAUKEE:
Tuesday Morning, July 7.

Death of Hon. William L. Marcy, Late Secretary of State.

The telegraph yesterday brought the news of the sudden death of Hon. William L. Marcy, the Secretary-of-State during Mr. Pierce's administration. As Governor of New York, as member of Congress, and as a member of the Cabinet, he has filled a large space in the history of our country, for the last quarter of a century, and has always been distinguished as a man of ability—as one of the brightest lights in the Democratic party, to which he had long been attached.

FOURTH OF JULY CELEBRATION.

Camp Juneau.

The Celebration of the National Anniversary on Saturday passed off admirably. The weather was all that could be desired—a clear sky, with a fine breeze tempering the rays of the sun—though the immense number of teams in the streets raised a dust which was uncomfortable for the procession. The city was full of strangers from morning till night, coming in by teams from the country around about, and by the boats, and by the crowded trains on all the railroads.

The streets presented a gay appearance indeed at about 9 A. M., as the various Military and Fire Companies, Civic Associations, and Draymen in white shirts and mounted, were coming from every direction to the rendezvous, their flags flying in the morning breeze, and the bands playing lively tunes.

The procession was very long, and quite imposing in its appearance. Ten Companies, we believe, were in the line, including the two from Chicago, the Light Guard and National Cadets. The Firemen had made great preparations for the display, and turned out in full force, their machines decked with leaves and flowers, and drawn by four or six horses each. Supply Hose Co. No. 1, a new Company, made a novel and beautiful feature in the procession, having a Goddess of Liberty mounted aloft on the roll of hose, waving her cap.

The club boat *Wenona* was mounted on wheels and carried a bevy of merry girls, happy as well could be.

Some 30 of the city Draymen were in the line, riding two and two their stout horses.

The Turners and three or four Civic Associations, added much to the display.

The scene in the upper part of Spring Street, as the procession halted, preparatory to entering the Grounds—a fine grove, opposite to J. H. Rogers' new residence—was one such as we have seldom seen in Milwaukee, and amply repaid a visitor for coming a long distance to see it. The white tents on the green sward at Camp Juneau, close by, added materially to the beauty of the scene.

After the exercises at the Grove, the formal celebration of the day was over. In the afternoon, however, an immense concourse of people remained at the Camp Ground, where the Milwaukee Light Guard entertained the Chicago Companies and many invited guests at dinner, and enjoyed a good time.

The Regatta on the river at 5 P. M. was witnessed by many thousands of people, lining and covering the docks, roofs of buildings, piles of lumber, and swarming upon the bridges and rigging of the vessels like bees, for the whole length of the course, over a mile and a half. The number of boats which entered was less than we hoped to see, but the first race presented a beautiful contest between the *Milwaukee* and *Wenona*, six-oared boats, the former winning after a close run.

The Evening Parade at the Camp was witnessed by a great many spectators, the various companies performing to admiration. Leland's fine Band, accompanying the Chicago Light Guard, furnished the music, waking the echoes among the surrounding groves with their spirit-stirring strains.

In the afternoon of Sunday, Rev. Mr. Ingraham, Chaplain of the Milwaukee Light Guard, preached an excellent and appropriate discourse at the Camp, under the large tent, the military and all present preserving a degree of decorum and attention, creditable to all concerned.

After the evening parade, the tents of the Military at the appointed signal fell to the ground, and their white wings were folded and all baggage packed away. The Chicago Companies were escorted to the steamer, and Camp Juneau was nearly deserted.

The Encampment has been an occasion of unalloyed pleasure, we believe, to all concerned, and many friendships have been formed among those who have participated in it, which lapse of time will not cause to fade.

The Fireworks in the evening attracted a vast concourse of people. The bright moon interfered much with the appearance of the fireworks, but many of the pieces were beautiful, and, by one of them, a combination piece, presenting the letters and figures,—"*Badger State, 4th of July, 1857*"—the enthusiasm of the people broke into repeated and long continued cheers.

Bank Statements.

We publish to-day the semi-annual statements of several of our city banks. They show a healthy condition, as will be seen by examining the figures.

More Wall Street Misrepresentations.—The N. Y. *Herald* of the 3d contains what purports to be a statement by Mr. John Lockwood, making sundry statements disparaging to the Milwaukee & Mississippi R. R., in relation to the contract with Cooke & Lockwood. A dispatch received here yesterday states that Mr. Lockwood disavows the article entirely!

The following note was telegraphed to this city yesterday afternoon as having been sent to the *Herald* by Mr. Lockwood:

"Editor of New York Herald—*Sir*:—I notice statements in your paper this morning purporting to emanate from me, and to be verified by my official oath, in regard to the Milwaukee & Mississippi R. R. Co. I wish you to do me the favor to insert as conspicuously as possible in your next issue my unqualified disclaimer of having made any such affidavit, or authorized the publication of any such statement as therein contained." JOHN LOCKWOOD.

New York, July 1st, 1857.

The Difference.—Gibson, who connived at the recent Ohio defalcation, though a Republican, is removed from office, and denounced by the entire republican press. Breslin, the real defaulter, is a Democrat; but not a single Democratic press in the Union has said a word against him or his crime!

☞ The new Tariff went into operation July 1st. In view of it over $12,000,000 worth of sugar and molasses have been kept in bond, and will now be taken out. An equal amount of liquor, tobacco, &c., are also in bond. The millions necessary for their release were drawn from the banks, on Saturday and placed in the Sub-Treasury in New York.

Another Unconstitutional Act.—An old colored man, having, according to Judge Taney, "no rights which a white man ought to respect," residing at Princeton, N. J., has recently received a land warrant for one hundred and sixty acres, for services rendered in the war of 1812. The Pension Bureau ought to be seen to.

Thanks.—Conductor Rock of the Milwaukee & Mississippi Railroad; and clerk Storms of steamer Ocean Wave, will please accept our thanks gein for late St. Paul papers.

The stock of the Milwaukee & Mississippi R. R. is selling heavy in New York at 45 cents.—This is the company that a little over a year ago were vaunting over a dividend of 1½ per cent.—The shares have fallen about *thirty* per cent. within a few weeks.

We have ventured the opinion long ago, and now reassert it, that there is not one Railroad *terminating* at Milwaukee that will pay a dividend after two years. *They never did and never will pay a dividend really earned.* The Lake Shore road is a paying road, and will be, but that does not *terminate* at Milwaukee.

For months the whole force of the *Sentinel* has been applied to the inflating of the Milwaukee & Mississippi Railroad scheme. The more desperate the game become, the more its columns were occupied in blowing this thing. Even the old President, Catlin, knowing that a crash was coming, took "his box and went ashore." This paper risked and lost its reputation by publishing day after day, that the stock and company were sound, when everybody saw that they were rotten as a rotten potato.—*Sheboygan Journal.*

The *Journal* will please accept assurances of the distinguished consideration in which we hold all such attacks as the above, together with their authors. The *Sentinel* has labored, assiduously, in the past, as it will continue to do in the future, to aid in building up, and sustaining *all* of the railroads centering here, and is not aware that it has ever spoken disparingly of other roads in the State, including the one which our Sheboygan friends are building.

The Milwaukee & Mississippi Railroad stock is sharing the fate of all stocks in Wall street just now, and has fallen—more than some stocks—not by any means as much as others. Like most of these stocks which are sent down by the present panic, and the machinations of speculators for a fall, it will rise again speedily, and vindicate itself. Built and operated economically, and now this year for the first time a through thoroughfare across the State, it is earning a revenue which will vindicate its standing among the best and the best paying roads in the country. Just wait a little, neighbor of the *Journal*, and don't hazard your reputation as a prophet on such very slender basis, as the vagaries of Wall street.

The receipts of the Milwaukee & Mississippi Railroad Company for the month of June just past, are about $117,500, against $60,000 for June of last year. The receipts for the first six months of this year are $646,000 in round numbers, against $258,000 for the same time last year, an increase of nearly $90,000. The whole earnings of last year were $680,000,so that the above rate of increase would carry the total for this year up to nearly $900,000, but as that increase has been nearly all realized in May and June, since the opening of the road through to the Mississippi, which is augmenting the revenue of the Company every day, the total for 1857 will doubtless go considerably over a million of dollars.

Sudden Death.—We are pained to be called upon to record the sudden death, on Saturday night, of Patrick Smyth, Esq., of the firm of Smyth and Holmes, produce brokers of this city. Mr. Smyth has several times within the last few months been attacked with convulsions, so that his life has been at times despaired of. Still, he recovered and went about his usual avocations, but his friends have felt great anxiety on his account. The blow fell suddenly at last. During Saturday, he had shown symptoms of illness several times, and returned home early from the house of a friend, where he had been, as was his wont, the life of the circle. He was attacked just as he was entering his house, and, all medical skill proving no avail, he died during the night.

Mr. Smyth had been a resident of our city for some years, and his social, genial temperament had won for him the affection of a large circle of friends, who mourn for him as for a brother.—To his family here, and to his numerous relations and friends at the east, the blow is a sad one indeed.

The funeral took place yesterday afternoon.—At a meeting of the Board of Trade, yesterday morning, of which the deceased was a member, the following proceedings took place;

President Kellogg feelingly noticed the death of Mr. Smyth, and called upon Mr. A. W. Hart to offer resolutions.

Mr. H. spoke of the many virtues which characterized the deceased, his sterling integrity and his generous disposition, and he concluded by calling on the Board of Trade to adopt the following preamble and resolutions:

Whereas,—The members of the Board of Trade have learned with deep regret of the very sudden death of their fellow member, Mr. Patrick Smyth, who has been removed from our midst suddenly, in the very prime of life;

Resolved,—That the Board of Trade have, in the death of Mr. Smyth, been deprived of a member whom they highly esteemed, and whose social qualities and generous nature had secured to him a legion of friends, who are now called upon to mourn his loss.

Resolved,—That the Board of Underwriters, of which Patrick Smyth was the respected President, be and hereby are invited to join the Board of Trade at their rooms, at 5 P. M. this day, to proceed to the residence of the deceased, and attend his funeral in a body.

Resolved, That the foregoing be published, and a record made of these proceedings on the books of this Board.

All of which were passed unanimously, and the meeting adjourned.

Wisconsin State Directory.

Messrs. Smith, De Moulin & Co., who have been engaged in getting up Directories in the East, and who published the very full and accurate business Directory of the New England States, are now engaged in gathering the statistics of Wisconsin, intending to publish a work whose general circulation will be of great value to every interest in our State. In this work, the Mercantile, Manufacturing, Professional, Agricultural, and other branches of business, will be found accurately compiled, and alphabetically arranged, for each city and town in the State.—Full tables of statistics will be given, relative to Banks, Railroads, &c. A Geographical sketch of the State by counties will be given, and the gentlemen engaged in the enterprise assure us that no pains will be spared to make the work full and accurate in all respects. The book will be a handsome large volume, and, as it will undoubtedly obtain a large circulation, advertisers will find it a useful medium. The publishers may, for the present, be found at Room No. 20, Walker House.

State Historical Society — At the regular monthly meeting of the State Historical Society, it was announced that 510 volumes, nearly all of which are works of great rarity and value; of which 35 vols are folios, 24 quartos, 27 royal octavoes, and the rest chiefly of octavo size, have been added to the library since the last meeting, and also 700 pamphlets and documents.

An Editor's Country Residence.—Bennett, of the New York *Herald*, has just concluded the purchase of a splended country residence, at Fort Washington, near High Bridge, on the northwest corner of Manhatten Island. The property was formerly owned by Richard F. Carman, Esq, and contains forty-five acres of land, laid out in exquisite order. It fronts eight hundred feet on the Hudson river, and is to be re-arranged in the latest and highest style of Europe an art. The price was $95,000, and he expects to spend $100,000 more upon improvements.

☞ The Connecticut House of Representatives has passed a Resolution appointing Commissioners to purchase the Charter Oak place, in Hartford, and arrange for the sale of the present State House and grounds, on condition that the State is put to no further expense.

☞ The Atlanta [Ga.] Intelligencer is informed by Dr. J. F. Alexander, of that city, that during a late "small-pox panic" he had vaccinated over 200 children, and that he has found vaccination a speedy and certain cure for the whooping cough.

Splendid Wheat.—Mr. Wm. Inn, of the town of Milton, in this county, sends us a few stalks of wheat raised on his farm, measuring each over six feet in height. They were plucked from a field of ten acres. This puts Rock county ahead, we think.—*Janesville Standad.*

Another Lecture by Thomas Francis Meagher.

By the following correspondence between a large number of our citizens and Mr. Meagher, it will be seen that we are to have the pleasure of hearing that accomplished orator again on Saturday evening of this week:

Milwaukee, July 3, 1857,

Thomas Francis Meagher, Esq:

Sir:—Hearing that you design to pass through the City on the 10th of July inst., we embrace this opportunity for inviting you to deliver at that time a lecture, on the subject "Europe and America—Royalty and Republicanism—a contrast." It has been your fortune to occupy a position which must have made the subject in its every aspect one of intense interest to you, and we believe that our desire to hear you upon it is very generally shared by our fellow citizens. Hoping that you may find it agreeable to accept of our invitation, we remain, most sincerely,

Milwaukee, Wisconsin, July 6th, 1857.

Gentlemen:—I have this morning been honored with an invitation from you to deliver an address on the subject of Royalty and Republicanism. Convinced of the friendly interest from which the invitation proceeds, I shall feel truly happy in complying with the wishes you have expressed.

It is a special gratification to me to find that the high compliment I gratefully acknowledge in these few words, emanates from many educated and distinguished representatives of the various races, which, flowing in upon this Continent, constitute the great nation of the United States. Ever since my arrival in America, I have studied to avoid the exceptional character, with which the accidents of birth and education, and the vicissitudes of political life in a monarchial country, seemed inevitably to invest me. I have with all my heart, from conviction, and in thorough loyalty to the land and government of my free choice, endeavored on all occasions, and in every sentiment and act, to identify myself with the people, the laws, and the national ideas which, throughout the world, have made Americanism synonymous with the freedom of the masses and the supremacy of their will.

In the invitation presented to me this morning, I read with delight and pride the recognition of my citizenship, the spirit with which I regard it, the principles it inculcates, and the duties it imposes, and

With sincere esteem and friendship,
I remain, Gentlemen,
Your obliged and faithful servant,
THOMAS FRANCIS MEAGHER.

Trial of Reaping and Mowing Machines at Syracuse.—The preparations for the great national trial of reaping and mowing machines, to take place at Syracuse, commencing July 13th, are nearly completed. The Hon. M. P. Wilder, President of the U. S. Agricultural Society, and Secretary Olcott, are on the ground perfecting the arrangements. Mr. Olcott has already on his list *eighty-three* entries of reapers and mowers, together with a great number of hay rakes, presses, &c. The trial will probably last about a fortnight. It will be the greatest trial of reaping and mowing machines that the world has ever seen.

Bank Statements.—The last weekly statement of the New York City Bank, (June 27th,) compared with that of the previous week, shows a decrease in loans of $104,186, in specie of $1,889,454, in circulation of $88,735, and in undrawn deposits of $1,668,385.

The foodings of the Boston bank statement for the week ending June 30th are—capital stock $31,680,000; loans and discounts $38,700,000; specie $3,700,000; amount due from other banks $6,000,000; amount due to other banks $4,600,000; deposits $17,500,000; circulation $6,450,000.

Spiritualism Tested.—The test of the claims of Spiritualism, so-called, which has been going on at Boston for some time, has ended in a report by Professors Agassiz, Pierce, Horsford and B. A. Gould, to the effect that any connection with the "spiritual circles" tends to corrupt the morals and degrade the intellect, and they brand the whole affair as a "stupendous delusion."

The Slave Irvine not Expected to Live.—The slave Irvine, who was shot in the last fugitive slave arrest case in Cincinnati, and taken over by his master, Col. Withers, to Covington, was, when his symptoms were favorable, removed to Fayette county; but although cared for by his wife, and in charge of a competent physician, his life is now despaired of.

☞ The Worcester Spy says Daniel Drayton, who committed suicide at New Bedford last week, was the man who was imprisoned for life for taking off sixty slaves in the schooner Pearl from Washington for Philadelphia, and who was pardoned by President Fillmore, after serving five years.

A Promising Theologian.—A young man, a student at the Theological Seminary at Fairfax, Virginia, shot and killed with a revolver another young man on Sunday last, in a fracas at a *Sunday School*. When theological students go armed with revolvers, it is not surprising that all rowdies should wear them.

Voters of Massachusetts.—The following is the official list of legal voters in Massachusetts, just returned, for the month of May:

Suffolk, complete,	24,745
Essex, Ipswich wanting,	27,411
Middlesex, complete,	34,245

March	63	1,293,500
April	38	1,646,700
May	33	1,251,500

Largest Man in the World.—The funeral sermon of Miles Darden, who died at his residence in Henderson county, will be preached on the 4th Sunday in this month five miles southwest from Lexington, Tenn. The Masonic fraternity will be in attendance, in full regalia, on the occasion.

The deceased was, beyond all question, the largest man in the world. His height was seven feet six inches—two inches higher than Porter, the celebrated Kentucky giant. His weight was a fraction over one thousand pounds! It required seventeen men to put him in his coffin. Took over one hundred feet of plank to make his coffin. He measured around the waist six feet four inches.

After the funeral services, a friend in Henderson county, who has long known Mr. Darden, has promised to give us a brief sketch of his life, embodying some interesting facts.—*Jackson, (Tenn.,) Whig, June 18.*

☞ The principles of the Democratic party are not now, nor does it require a large amount of intelligence to understand them.—*N. Y. News.*

Very true. The less intelligence the better Democrat. It was Mike Walsh, we believe, who said that "corner groceries were the nurseries of Democratic sentiment;" and Chipman, a former Member of Congress from Michigan, declared that "education was the greatest enemy of Democracy!"—*Albany Eve. Journal.*

TERRIBLE STEAMBOAT DISASTER!

Explosion of the Steamer Berlin City.

MANY LIVES LOST!

We posted a brief account on our Bulletin Board since our last issue, announcing the explosion of the river steamer *Berlin City*, while racing with the steamer *Pearl*, on the 3d. The Oshkosh *Democrat* brings the following particulars:

Terrible Steamboat Disaster.—Yesterday afternoon the steamers Pearl and Berlin City left this place at the same time, the former for New London, the latter for Berlin. In going up the river together, they of course raced, and when about a mile this side of Butte de Morts, the Pearl being about ten rods ahead, the boilers of the City exploded with terrific force, tearing her all to pieces. Four persons were killed outright—Capt. Brown, of Berlin, the engineer and two other men. In about three minutes after the explosion, she sunk in about eight feet of water. The Pearl went immediately to the rescue of the passengers, and picking up all she could find immediately returned to this place with them.—Nearly all on board the City were injured more or less. The lives of several are despaired of.—On the arrival of the Pearl, a tug was immediately despatched to the scene of the disaster. The Pearl started up for Berlin about dusk, having some of the wounded on board. The books of the Berlin being lost, it was impossible to tell at the time of going to press, how many passengers were on board, or how many are missing.—It is feared that several are lost who are not yet known.

EXHIBITION AND CONCERT!

By the Wisconsin Institute for the Blind.

We are requested by the Superintendent of the State Institute for the Education of the Blind, to announce that he intends visiting Milwaukee on the 17th & 18th inst's., with a class of his pupils, for the purpose of giving our citizens an opportunity to witness their progress in the several departments of instruction.

To this end he will give a public exhibition of the attainments of the pupils at Young's Hall, on the evening of Friday (17th inst.,) commencing at 8 o'clock—the exercises to consist of reading by touch from the Scriptures in raised letters, writing, recitations in Geography, Arithmetic, Algebra, etc., together with performance of a variety of pieces of vocal and instrumental music. *Admittance Free.*

This exhibition will be succeeded on Saturday, (18th inst.,) at the same place by a concert of vocal and instrumental music, to be given by the pupils, under the direction of the Professor of music in the Institute—the proceeds to be applied to the defraying of travelling expenses.

As the object of these entertainments is to extend a knowledge of the operations of the Institution in which the whole State, as well as the blind, are deeply interested, it is hoped they will be fully attended.

Bogus Kansas Election.

The Quindaro *Chindowan* of the 27th ult, says, "we have received returns, (in most case official,) from nearly all the counties where an attention was paid to the bogus election, on the 15th instant. It is believed that further intelligence will not materially add to the number of votes given. The following are the figures:

COUNTIES.	NO. VOTES POLLED.	NO. MEMBERS.
Doniphan	251	1,086
Douglas	260	1,315
Shawnee	56	253
Jefferson	125	578
Leavenworth	200	1,837
Lykins	45	43
Johnson	114	49
Lynn	120	411
Atchison	105	89
Grand Total	1,376	740

"In Johnson county, as we are informed by a gentleman who was present, many votes were polled by Missourians residing in Westport, Independence, Kansas City, and other adjoining settlements. Some of them profess to hold claims in the Territory, but are beyond all cavil actual citizens of Missouri. One of the delegates returned from Johnson county—George McGowan—is said to be a citizen of Westport. Our informant states that he met Mr. Nolan, a prominent citizen of Independence,) at the polls at Green Springs, and that Nolan said he was there to vote, but could not do so until he had seen Jon Johnson to learn which was the right ticket. It was impossible to find a poll list posted up in the county before election, but it is stated that the names of Clay, Pate, and many other Missourians were upon it."

Put in a Crop of Buckwheat.—We admonish all our farmers not to forget to sow at leastone acre of buckwheat each, and as much more as possible. The average price of buckwheatflour for the past year at this place, has been over $3 per cwt. It can be raised for half that sum—it can be sowed after every other crop, save turnips, is disposed of. Let every man sow a piece of buckwheat—it will do any time previos to the 10th or 12th inst.—*Neenah Conservato.*

Portage City.

By a glance at the map, it will be seen that Portage occupies nearly a central position in Wisconsin, between the Fox and Wisconsin rivers, and enjoys advantages second to no other city in that State, for commercial and business facilities. For the last three months the La Crosse & Milwaukee Railroad has been completed and in operation to this place, connecting it by two daily trains to Milwaukee. When this road will be opened with the great North and North-West by the Mississippi river. By an act of legislature, passed 1856, it was made imperative that the Company should build and equip a road from Columbus, and also from Madison to this city, on the most direct and feasible routes. These roads are now under contract, and the grading is already commenced.

The Road to Columbus gives another connection with Milwaukee via Watertown, and with Chicago via Wisconsin Central, while the road to Madison connects directly with Janesville and Northern Illinois. By the Winnebago Railroad, (whose Charter has been extended to this city, a portion of which is already completed) connection is made at Oshkosh on the Northeast with the St Paul & Fond du Lac Railroad, on the Southwest with Prairie du Chien via Milwaukee & Mississippi Railroad and also a direct connection with the Illinois Central via Mineral Point. Another Company still has been recently organized under a good Charter, called the "Madison, Portage & Superior Railroad Company," for the purpose of making a direct connection with Stevens Point and the mineral regions of Lake Superior passing through the great lumber tracts of the North. All these roads are in process of construction, and others equally as important are in contemplation and will doubtless be built in the course of a few years.

The connection of the Fox & Wisconsin rivers by Canal gives Portage direct water communication from Lake Michigan through Green Bay to the Mississippi river and vice versa. A grant from the General Government of over a half million of acres of land has been donated to the State for the purpose of making good the navigation of these rivers, perfecting canal improvements, &c. From the Wisconsin river through the canal and Fox river to Oshkosh, the channel is to be four feet in depth, and of sufficient width to allow steamboats carrying 800 tons to pass without hindrance. From Oshkosh to Green Bay, the depth of water when the improvement is completed, is to be four and a half feet.

These improvements are now rapidly being made. Gentlemen of energy and enterprise have put their shoulders to the work. Hon. Erastus Corning, whose name has so long been identified with great and successful enterprises, is President of the company, and D. C. Jenne, Esq., Chief Engineer.

With such Railroad and commercial facilities as we have above enumerated, and with a population composed of the most active, enterprising and practical business men in the west, we can see nothing whatever to stand in the way of Portage city, in a few years, becoming next to Milwaukee, the great metropolis of Wisconsin. It already numbers over five thousand inhabitants, with a steady growth which is truly gratifying.—In the city proper, hundreds of workmen are now busily engaged, digging, carting dirt, levelling and bringing the streets to a uniform grade When this is done, side walks laid, &c., we don't know where to look for a more charming city in the whole West. Much taste and refinement is evinced by the citizens in ornamenting their homes with all kinds of flowers, trees and shrubbery. There is hardly a private mansion or dwelling house in the place which is not enclosed by a large yard, garden or pleasure grounds, carfully cultivated, laid out in walks, bordered with green turf and fragrant with plants and flowers. Here the sweet quiet of country blends with the excitement of city life—"Rus in urbe, urbs in rure." Nature has here bestowed most lavishly her blessings, and Portage never appeared to better advantage than now. For agricultural purposes no doubt many places in Illinois possess advantages superior to this, but few points are more eligible, important, or present greater inducements for business men or capitalists and as a place to build up a *home* "pari passu" *with* fortune, where the comforts of a healthy climate, and the amenities of an attractive social life, give pleasing variety to industry and labor, it is unexcelled. Our eyes linger with admiring gaze upon Portage—its crystal lakes, each "a mirror and a bath for Beauty's youngest daughters"—its noble rivers—its bold range of hills—and gently undulating surface, and our thoughts will ever recur to this spot, as one of the brightest gems that glitter on the bosom of our noble sister State.—*Western Railroad Gazette, Chicago.*

But in the paradise of God,

POLICE COURT, JULY 6.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

The number of cases in the Police Court during the past three days is unprecedentedly small, considering the unusual excitement of the celebration, and the large number of strangers in the city. It is a fact acknowledged by all, that we never before have had so peaceable a celebration of the Fourth of July, though this was much the most excitative that has been witnessed in our city.

The following cases were adjourned to the 8th inst., for trial:

Michael Burns, Michael McGrath, John Lauvel, William Lavin, and James Hennessy, charged with being intoxicated and disorderly.

John K. Brady, intoxicated and disorderly; fined $5.

James Christianson, intoxicated and disorderly; fined $5.

Patrick Kennedy, intoxicated and disorderly; fined $5.

John Lockwood, being intoxicated and disorderly; fined $5.

Black Hawk, (an Indian,) intoxicated, discharged on promise to leave the city.

Peter Morrow, for being intoxicated and disorderly; fined $5.

P. Brannon, for being intoxicated and disorderly; fined $5.

James Hayden, for being intoxicated and disorderly; fined $2.

James Johnson, for being intoxicated and disorderly; fined $1.

Nicholas Conlay, for being intoxicated and disorderly; fined $1.

John Donelly, for being intoxicated and disorderly; fined $1.

Thomas Burke, for being intoxicated and disorderly; fined $1.

Thomas Tonneraon, intoxicated and disorderly; fined $4.

Daniel Ryan, disorderly; fined $5.

Michael Kennedy, disorderly; fined $5.

Dennis Sullivan, intoxicated and disorderly; fined $3.

William McPherson, indecent exposure of his person; fined $15.

Martin Kinsley, for being intoxicated and disorderly; fined $2.

Charles LeMott, violating health ordinance; fined $2

Charles Wessel, disorderly; fined $15.

☞ An inquest was held on the body of Matthew Welsh, (who died in the Watch House,) by a Jury consisting of E. Bolton, W. A. Webber, J. Sherwood, E. Hawes, M. Lethauer and E. Hoffman, whose verdict was that the deceased came to his death from excessive intoxicat on, Producing apoplexy of the brain.

The Chicago National Cadet Guard.

This excellent Military Company arrived in our city early on the morning of the Fourth, together with the second detachment of the Chicago Light Guard. A large concourse of people turned out quite early, and crowded Erie Street to a jam, to witness their reception by Company "A" of our Light Guard.

They were escorted to the Encampment, where they took up their quarters with the other Military Companies, with whom they soon became particular favorites.—There could be nothing more pleasing than to witness the jovial good feelings which existed between the two Chicago Companies and our own Light Guard during the three days encampment. The National Cadet Guard were the particular objects of the admiration of all who visited the camp, or saw them in procession. Though all quite young—scarcely any of them over twenty years of age, and the greater part under eighteen, yet they conducted themselves in a truly soldierly manner, while in the ranks, and won immensible compliments from our citizens, and when released from duty they showed themselves to be gentlemen in every sense of the term. Chicago may well be proud of her Military, if these two Companies are a fair specimen. The good feelings contracted between them and our Military during their short stay in this city will not soon be forgotten.

SUICIDE—A LOVE AFFAIR.—Quite a melancholy affair took place in the Fifth Ward yesterday morning. A young man named John George Seibold committed suicide by blowing his brains out, and from the circumstances connected with the fatal event, he undoubtedly committed the deed on account of a fair one for whom it appears he entertained very tender feelings, and who, we learn, had coldly rejected him a few minutes before he shot himself. Seibold was a German laborer, somewhere in the neighborhood of 25 years of age, and was lately employed in one of the brick yards in the Fifth Ward. He was of a very good character, and well liked by his friends and employers.

He had been very intimate with a young woman, the daughter of a baker on Reed street, and had a short time since declared his passion in a letter to her, in which he stated that he would put an end to his existence unless she favored his suit. As she paid no attention to his letter, he went and saw her personally, yesterday morning, taking with him a pistol heavily loaded with buck shot.—It seems that she treated him quite coldly, in consequence of which he went outside of the door of her father's house, and discharged the contents of the pistol into the side of his head, blowing his brains in every direction. The young woman did not think that he was in earnest, and when she heard that he had killed himself, her grief was unbounded, and she became almost insane.

HOUSE BROKEN INTO AND ROBBED.—The house of a man named Metzel, on 4th Street, in the Second Ward, was broken into and $26 taken therefrom, on the 4th, while the man and his family were out celebrating the National Birth Day. Metzel is a hard working, poor man, and the money which was taken from his house was the fruits of his economy. The thief must have been acquainted with the family, for the money which he took was hidden in a very secure place in an old boot. He has not yet been caught, but we trust that the rascal whoever he may be, will not long go unpunished.

ANOTHER.—We also learn that a house occupied by John Keown and Patrick Mitchell, on 6th street in the Sixth Ward, was entered by burglars on the same afternoon, while the occupants were at the celebration, and ransacked from attic to cellar. It seems that Mrs. Keown left a note on the door knob, stating where the families had gone and when they would return, as she expected some friends to call that afternoon, and thus giving the burglars all the information that they could have desired. We have not ascertained what amount of property was stolen.

ACCIDENTS.—A son of the Rev. Mr. Kidd, pastor of the South Presbyterian Church in the Fifth Ward, shot off one of his fingers an badly mutilated his left hand by the accidental discharge of a pistol, on the afternoon of the Fourth.

In the evening a German boy, of about 12 years of age, whose name we did not learn, nearly shot one of his hands off by a similar accident.

On Sunday evening, a little son of ex alderman Delany was run over on Detroit Street by a horse, and had his leg broken.

A man named Andrew Wishart, a mechanic in the employ of the La Crosse R. R. Co., had his arm nearly blown off while loading a cannon on the evening of the Fourth. He had his right arm before the muzzle of the cannon when it went off accidentally, shattering and burning the arm frightfully. We learn, however, that the doctor who attended him is of the opinion that the arm can be saved, and that amputation will not be necessary.

DIED IN THE WATCH-HOUSE.—A man named Walter Welsh, was arrested with several others on Saturday night for being drunk, and taken to the Police Station, where he died the same night. It was reported by some on Sunday that this mans death was caused by the violence of the policemen who arrested him. This is entirely wrong, as the man was dead drunk and had to be carried on a dray to the station house, so that there was no need of using force, and further, Dr's Nauman and Thorne examined the body, and found no mark of violence whatever. A coroner's jury was summoned yesterday afternoon, who rendered a verdict that the deceased came to his death by excessive intoxication, producing congestion on the brain.

A Card.

The Ladies of St. James' Parish respectfully return their thanks to the LIGHT GUARD of Milwaukee, for the use of their Hall so generously offered, for the Festival on Wednesday, July 1st.

☞ Read advertisement of "Money to loan."

THE DRAYMEN.—One of the most novel and attractive features in the grand procession on the Fourth, was ninety-three sturdy draymen, mounted on as many fine horses. They dressed in black cloth pantaloons, with neat white shirts without coats, which gave them a decidedly picturesque appearance. They brought up the rear and formed no small part of the procession. Great credit is due to Mr. Fillmore, who suggested this idea, and by his own exertions had it carried out; also for his excellent management of the Civic Associations.

ILLUMINATED.—The Hotel Wettstein was magnificently illuminated on the night of the Fourth, in honor of our National Birth Day. It was a complete mass of illumination from top to bottom, and every moment till quite late in the night, huge fire-rockets would pierce the dark sky, thrown from this hotel, and all manner of fire works were consumed in front of the house during the evening. Here was certainly to be seen the finest private display in the city. In fact our German citizens left nothing undone to honor our Independence Day.

BRIDGES AND VESSELS.—In Chicago the ordinance to prevent vessels from keeping the bridges unnecessarily open, is more strictly enforced, and more severely punished than in this city. The Captain of the schooner *White Cloud* was fined $25 a few days since for violating the bridge ordinance. The *Press* says, in relation, to it:

"The practice is too common among our sailors to apparently take pleasure in their power to annoy the public at the river crossings, and we are glad that there is a remedy ashore for just such cases."

KILBOURN CITY SALE.—This (Tuesday) morning, the sale of a large number of lots at Kilbourn City, comes off at Wall's Auction room. As the place of crossing the Wisconsin river by the La Crosse & Mil. R. R.—as a beautifully located town having a splendid water power in immediate prospect—and as a fine growing village, we know of few places in our state which hold out better inducements for the investment of capital than Kilbourn City.

DROWNED.—James Foley, an Irish laborer, fell into the Menomonee River west of the M. & M. R. R. depot, on the afternoon of the 4th inst., and was drowned before assistance reached him. He was intoxicated at the time, and was barely able to walk. Foley was a laborer, and lived in the Third Ward. He leaves a wife and four children, who are entirely destitute.

$10 SEWING MACHINES.—It will be seen by his advertisement that Mr. H. G. WILSON has purchased the right for this State to the sale of the celebrated Tod Doller Sewing Machines. We have already expressed, as strongly as we could, our favorable opinion of these machines, and we do not feel inclined to retract a syllable of it.

NEW STEAMSHIP LINE.—We publish to-day the advertisement of the new European and American line of screw propellers. They are all splendid vessels, make almost as quick time as the Collins and Cunard boats, and the 1st cabin fare is only $80 to England from New York.

TRY IT.—A glass of good soda water is the most agreeable beverage we know of after dinner these warm days, provided you can get the right kind Mr. Alcott keeps the best we know of, and we would advise all who have not already done so, to try it.

IMPORTANT TO VESSEL OWNERS.—A notice from the Board of Lake Underwriters, interesting to all owners of vessels, will be found in our advertising columns to day.

RAILROAD PROPOSALS.—Contractors will find an advertisement for building the railroad west from Waukegan, Illinois.

Trial of Great Western Safes.

MILWAUKEE, July 1st, 1857.

We the undersigned, Bankers, Merchants, Underwriters, &c., at the request of Schumacher & Johnson, do hereby certify that on Monday, the 29th of June, 1857, we, as a Committee appointed, did superintend the firing of a Safe known as the "Great Western Safe," built by the said Schumacher & Johnson, and that having witnessed it being placed under a dense fire for two hours and a quarter, the said safe, when cooled by water, and the contents consisting of Bank notes, Books, Paper and blanks, were found in a perfect state of preservation. We therefore pronounce it a test as perfectly satisfactory, showing the "Great Western" to be a safe that can be relied upon by the community at large.

IN KILBOURN CITY,
(Columbia County, Wis.)

THIS SALE will take place at the City Auction Room, corner of East Water street, commencing on Tuesday morning, July 7th, at 10 o'clock. There is no new city growing so rapidly, and where chances are so great as in Kilbourn City. All who desire to secure a new home, and grow up with a City which, in time, will have Fifty Thousand inhabitants, attend the sale.

City Land Office, Michigan St.

WE WILL PRESENT to our citizens in a few days the map of Judge Smith's Addition, in the Fifth Ward of the city of Milwaukee. We will make no comments at present about it, but will only say go and look at the premises yourself, or join our old friend Horace Chase, Esq., and if you can find a more beautiful spot in this city it has not yet appeared. The lots have now all been staked out. And in the course of ten days we will have the map together with a correct view of Milwaukee, taken from Judge Smith's Add—all who want to make profitable investments, and secure themselves a beautiful spot for a home, where they have a beautiful view of the lake and city, wait for a few days. Judge Smith's addition is on Clinton St., which is graded, planked and gravelled, and eight minutes ride from the city, by the steam cars or omnibus, from the Depot on the East. jy27 CALEB WALL.

SALE OF LOTS

IN VLIET'S ADDITION TO NINTH WARD.

ON the 15th day of July next we will offer for sale at the City Land Office, on Michigan street, upwards of a hundred lots in the neighborhood of Mr. Vliet's residence. The constant demand on Mr. Vliet for small portions of his tract has finally induced him to lay out a part of it in lots—so that those desiring to purchase may have an opportunity of securing them as cheap as they can, and in order to afford an equal chance to everybody, we will sell none at private sale, but will put them at public auction. To those who know the spot, it will be sufficient to say that the lots are for sale. To those who do not, and are seeking for lots on which either to build, or to speculate, we say look for yourselves, and judge whether any of the places now offering in and about the city, can compare with this. As no odor proceeds from the preparation, the glove can be worn *immediately* after it is cleaned. With a piece of flannel, apply a small portion of the preparation very lightly, and the dirt will immediately disappear. It is the article used by the Kid Glove Manufacturers of France to impart that purity of finish and softness for which their gloves are so justly celebrated. It cleans kid slippers and white and colored Kid gloves elegantly. It is also an excellent article for the toilet, and for beautifying the complexion removing tan, pimples, &c., far exceed in excellence any of the thousand and one preparations usually sold for that purpose. One trial, at the trifling expense of 25 cents, will convince any one that the article is all that it is claimed to be. Try a bottle of it for 25 cents, and you will never wish to be without it. It can be obtained of all Druggists and Dealers in Fancy Goods in Milwaukee, and at wholesale of the sole proprietors CLARK & CO., 355 Broadway, New York. A liberal discount to the trade. As there is no inferior article in the market, buyers will be careful to see that the name of CLARK & Co. is upon each bottle which they purchase. jel1-c813-dlmH S S
